

TAFT SEES JOYETTE WIN

The President, on the Sylph, Watches Slow Race

OF THE SONDER BOATS

Poor Wind at the Start—But It Freshens up Somewhat Near the Finish and the American Forges Ahead.

Marblehead, Mass., Sept. 4.—Under the eyes of the president of the United States and with hundreds of enthusiastic yachtsmen watching every movement of the little yacht Joyette, owned by Commodore William H. Childs of the Bensonhurst Yacht club of Brooklyn, won the fourth German-American race off here yesterday.

The Hevelia was second, Ellen third, Margaret fourth, Seehund II fifth and Wolf sixth.

The three leaders, each of which had already secured a leg in the President Taft cup, will race on Monday for possession of the trophy. The other three boats were eliminated after yesterday's race by the rules governing the contest.

The race yesterday was the least satisfactory of any of the contests, as the wind was soft and uncertain. The Ellen led for nearly half the contest, when the Hevelia took the lead and completed the first round ahead of the rest of the fleet.

On the beat out to the windward mark the Joyette took the lead and was never headed.

Among the boats of the spectator fleet which acclaimed the winner was the Sylph, with President Taft standing by the official who pulled the whistle cord.

Interest in the race was considerably intensified by the decisive German victory Thursday.

At 10:30 signals were hoisted for the windward and leeward course with a boat due southwest.

As the yachts were preparing for the

Those Corpuscles

In your blood,—red and white,—keep you well if they are healthy, cause you sickness if diseased.

To make and keep them abundant and healthy, is to have pure blood, freedom from disease and vigorous health.

The chief purpose of Hood's Sarsaparilla is to do this, and its success is attested by thousands of wonderful cures. Cures of all blood diseases, scrofula, eczema, rheumatism, catarrh.

Get it today in the usual liquid form or in chocolate tablet form called Sarsatabs.

start, the thunder of cannonading was heard up Salem bay and shortly after 11 o'clock the little yacht Sylph, flying the blue flag of the president, came steaming out of the bay and for the first time the little sonder yachts were under the official eye of the head of the nation.

On the bridge of the Sylph sat the president, surrounded by several of the members of his family and several naval officers.

About the same time the naval dispatch boat Dolphin also put in an appearance with Secretary of the Navy Meyer on board together with several ladies.

The president arrived on the scene just in time to see a beautiful start with all six yachts going across the line within 10 seconds of the gun. The Ellen second to have won the honors.

Four minutes after the start the Joyette crossed the bows of all the boats and apparently took the lead. The Ellen went to the front later.

The president had an excellent view of the race from the northern side of the line, with the sun shining on the sails of the little yachts bringing out each number very distinctly.

The Sylph steamed along slowly with the Dolphin right ahead, showing the As the yachts neared the home mark and completed the first half of the race, the contest was apparently between the Ellen and Hevelia.

At 12:50 the wind was very light and there seemed to be some question whether the race would be finished within the time limit of five hours. The fight for first place at the leeward mark was very close and under the presidential eye the German yacht Hevelia went around the mark seven seconds ahead of the Ellen.

These yachts were well in the lead. As the yachts trimmed sheets for the second beat to windward, the wind freshened a trifle and under these conditions the Hevelia increased her lead over the Ellen while the Seehund II drew up on the Curis boat.

The Joyette pushed to the front on the second round and won. The Hevelia finished second and the Ellen third.

LAND CLASH NEARS CLIMAX

Secretary Ballinger Arrives in Washington

TAKES UP DOCUMENTS

Relating to the Controversy—After Careful Study Will Go to Beverly. Matter of the Cunningham Cases Must Be Adjusted.

Washington, Sept. 4.—Returning in quick time from Seattle, Secretary of the Interior Ballinger arrived in Washington at 10:35 yesterday. He at once began work on the reports of Assistant Secretary Frank Pierce, Land Commissioner Duggan and other high officials of the department who have been called on by the president to answer the Glavis charges in the Cunningham coal land controversy. Mr. Ballinger went into immediate conference with Assistant Secretary Pierce of the department and Mr. Lawler, the assistant attorney general for the department. Mr. Ballinger stated that he had come here largely on account of the Cunningham coal land troubles and that after remaining here a brief time he would go to Beverly. It is expected he will review the reports which Messrs. Pierce, Duggan and others have prepared and take them with him to Beverly in two or three days. Beyond expressing confidence in the outcome, Mr. Ballinger had no comment to make either on the Cunningham matter or the various phases of the Ballinger-Pinchot affair.

Speedy developments in the whole controversy are now expected here. It is generally believed here the president will not start West until he has cleared up the Cunningham cases and got to the bottom of the Glavis charges and until he has settled in some fashion the Ballinger-Pinchot controversy. It is felt here that the president cannot take Mr. Ballinger with him on his western trip as he has disposed of the Glavis charges. One of the highly important phases of the Cunningham coal cases is the attitude of former Secretary Garfield of the interior department. He has not been heard from publicly in this matter. What he might say would be of interest, for he knows the subject thoroughly and would not permit the lands to be patented in his administration. Friends of Clifford Pinchot here are confidently predicting he will be retained where he is.

A statement by the secretary of the interior shows that almost 65,000,000 acres of land have been designated as subject to entry under the enlarged homestead act of the last Congress, providing under specified conditions for the appropriation of 320 acres under the homestead law instead of 160 acres as heretofore. The lands thus designated are distributed as follows: Colorado 20,203,000 acres; Montana, 26,000,000; New Mexico, 1,550,000; Oregon, 1,300,000; Washington, 1,300,000; and Wyoming, 13,000,000. Large areas in Utah have also been designated under the act. The lands subject to entry under the act will not produce remunerative crops unless cultivated by some unusual method such as the "dry farming" system.

Syrup of Figs and **Elixir of Senna** acts gently yet promptly on the bowels; cleanses the system effectually; assists one in overcoming habitual constipation permanently.

To get its beneficial effects, always buy the genuine.

LIBERAL PURSES FOR RACES

Three Base Ball Games Wednesday and Thursday

Graniteville VS. **Williamstown**

WINS ON HOME GREEN.

A. J. Wellington Defeats W. H. Pool at Manchester.

Manchester, Sept. 4.—The second round of match play for the Equinox cup was completed by the licks of the Ekwonok Country club yesterday, and in the afternoon the third round was started.

Joseph P. Knapp, Apawamis, had to play an extra hole to win from W. G. McKnight, Bittersol, while A. J. Wellington, Woodland, defeated W. H. Pool, Apawamis, on the home green.

NOVEL MASSAGE CREAM

Perfect Skin Food That Removes Wrinkles and Clears Complexion.

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara, and when this pure skin food is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequalled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only massage cream that is an antiseptic, and pimples, eczema, and all skin blemishes soon disappear when it is used. Although far superior to the ordinary massage creams and sold on a guarantee of best you ever used or money back, yet the price is a trial, only 25¢ for the jar.

Sold on guarantee by D. F. Davis.

JOHNSON PLANS BIG FISTIC CAMPAIGN

Negro Champion Going Abroad For More Matches.

San Francisco, Sept. 4.—Jack Johnson, the negro heavyweight champion, who is in town preparing for his fight with Al Kaufman, which takes place at Coughlin's Coliseum arena on Sept. 9, is working hard. Johnson says that he will weigh about 215 pounds when he meets Kaufman. The big Ethiopian declared last night before an admiring coterie of thousands that he will give every heavyweight a chance to meet him in order to prove to the pugilistic world that he is without a doubt the only man qualified to hold the title.

In speaking of his programme, Johnson said:

"I am going to be the real champion of the world. No one will be able to question my rights to the title after I get through. I am going to fight every man in the world who wants a crack in the heavyweight championship. I will fight every one I have a chance to meet in California. Then I will go East and meet all comers. After that I will go to France and fight Meyer and Joe Jeannette and if the National Sporting club offers enough money I will fight Sam Langford in London. Jeffries, of course, is always first chance, but any chap who thinks he has a chance can get a whack at me. Not one of them will be missed, if I have anything to say about it."

All of which listens very well for Lil' Artha.

Base Ball Notes.

The Red Sox are certainly weak in their pitching staff. They did not play yesterday, being on the road, but they will go up against the Yankees today at Boston. The fans are earnestly hoping for a break in their losing streak.

Cobb did not get banged very hard in Thursday's game considering the bat swingers that were up against him. Only five hits in five innings.

Detroit is in Cleveland to play two games from there going to St. Louis to play a couple.

Gray of Washington gave 7 bases on balls in the game with Chicago recently forcing 5 runs around the circuit.

Smith of the White Sox seems to have the post of the Highlanders as he has won six out of the seven games that he has pitched against that team. The Cubs lost a few more points today, and tripping the Pirates when they lost the game to Brooklyn Thursday.

Since joining Philadelphia, Morgan has pitched 15 games, winning 13 and losing 6. He has beaten Cleveland five out of seven games.

The Red Sox got an even break on their trip in the West.

There is a close race on in the New England league. Brockton is leading by a narrow margin while the next three teams are pretty close.

Ginger Clark of the Chattanooga team of the South Atlantic league pitched a no-hit game against Knoxville Tuesday.

Ty Cobb has received a letter from Philadelphia that says the North End fans are laying for him. The letter is ornamented with a skull and cross bones.

GET THE BOYS READY FOR SCHOOL NEXT TUESDAY

Half Price and Less on all BOYS' CLOTHING

At Moore & Owens' Today and Evening

Your boy is going to school next Tuesday. He must have clothes to wear. You can do the best here but you must come this afternoon or evening. Do not delay about it. RUSSIA WANTS A SHARE

New Turn in Chinese Loan Negotiations

FRANCE SUPPORTING PLAN

The Claim That the Loan Is Concluded Is Not Accepted—Germany the Only Country Not Protected by the Convention.

Peking, Sept. 4.—M. Kerotovitz, the Russian minister to China, on instructions from St. Petersburg, today for the second time urged the foreign board to recognize Russia's claim for representation in the allotment of the loan of \$50,000,000 for the construction of the Hankow-Sze-Chuen railroad. France is said to be supporting Russia in this course. St. Petersburg does not accept the Chinese contention that the loan has been concluded. Because of the new situation arising from Russia's proposed action, and the prospect that the loan will not at present be signed, the manager of the French bank in Peking will leave here today for Paris.

The Russian claims will have the effect in principle of opening competition for the German share of the loan, as the Germans are the only participants whose position is not protected by existing convention. It is understood here that the Germans constitute the strongest obstacle to the signing of a loan agreement by China and the United States, an essential to American equality in participation, and the completion of such an agreement is the present bone of contention. The influence of Grand Councilor Chang-Chi-Tung with the German bank shows no signs of abatement and it is impossible for them to alter the German attitude. It is believed that French interests are now seeking a degree of equality in Chinese financial affairs equal to that for which American interests are striving.

HEINZE CASE IN COURT.

Copper Man Wants Indictment Alleging Misapplication Dismissed.

New York, Sept. 4.—Counsel for F. Augustus Heinze yesterday asked Judge Fough in the United States circuit court to dismiss the indictment against Heinze which charged him with misapplication of \$2,250,000 of the funds of the Mercantile National bank of this city, of which he was formerly president. Mr. Heinze's counsel asserted that the indictment did not show that he alleged misapplication was unlawful nor show intent to defraud the bank. United States District Attorney Wine declared that a willful attempt to defraud the bank for personal gain was clearly proved. Justice Fough reserved his decision.

F. A. Heinze is charged with loaning the money to himself, to the firm of Otto Heinze and company, of which his brother is a member, or to someone acting for Otto Heinze. The loans are alleged to have been made during the financial panic of 1907.

Judge Fough also heard arguments on a demurrer to the indictment charging F. A. Heinze, Calvin O. Gier and Carlos Warfield with conspiring to obstruct due administration of justice by removing or causing to be removed, the books of the United Copper company, which were ordered produced by the United States.

People Know It Is Good—also they wouldn't use, as they do, two million bottles every year of Perry Davis' Pain-killer. It will cure sprains, strains, colds, cramps. Take a bottle home to-day and have it ready for an emergency—36¢ (the new size) or 50¢ a bottle. Tell your druggist you want Perry Davis' Pain-killer, the remedy which has been tested for 70 years.

district attorney. Counsel for the accused men argued that no conspiracy was intended or planned. Judge Fough reserved decision.

BRIDEGROOM 3 FEET 6 INCHES.

Short Man Elopes with Girl of 17, Who Is Six Inches Taller Than He.

Baltimore, Sept. 4.—Fred W. Meyer, 3 feet 6 inches tall, and Miss Rose M. Holland, just six inches taller, ran away to Wilmington and were married by the Rev. G. L. Wolfe this week. Then they journeyed to Philadelphia, where they are waiting to hear from Mrs. Annie Holland, the mother of the bride, who opposed the match. The groom is 20 years old and the bride is 17. Mrs. Holland's objection was on account of the girl's youth and Meyer's diminutive size.

Mrs. Holland was greatly distressed on receiving the news, but says she will now accept the result.

SPERRY ON RETIRED LIST.

But He Will Continue in the Active Service.

Washington, Sept. 4.—Having reached the age of 62 years, Rear Admiral Charles S. Sperry was placed on the retired list of the navy yesterday. The admiral is now engaged with the Newport conference at the war college there, and will continue in that duty until he has completed a certain line of work which he has mapped out. When this is finished, it is expected he will retire from active service. The admiral's last important sea command was that of the Atlantic fleet, which he brought from San Francisco by way of the Pacific ocean and the Suez canal to Hampton Roads. He reached the rank at which he was retired yesterday about three years and three months ago.

Moore Suffers Injury.

Washington, Sept. 4.—While alighting from a car yesterday, Prof. Willis L. Moore, chief of the weather bureau, broke his left arm. He was conveyed to the office of a physician, where the injured member was set. To the surprise of his friends, he proceeded to his own office, where he performed his customary duties.

NO AFFRONT INTENDED.

Not Likely That Italian Cruiser Willfully Gave Offense.

Washington, Sept. 4.—General regret is expressed in administration circles over the publication ascribing improper motives to the commander of the Italian cruiser Acton which on Saturday morning last, is reported to have steamed between the ships of the Atlantic battleship fleet engaged in target practice off the Virginia Capes.

Naval officers in authority in Washington expressed the opinion that any criticism of the action of the commander of the vessel should be withheld until some substantial evidence is at hand that he in any way violated international law in an effort to observe the work of the gunners aboard the vessels. The Acton, they say, is a guest of the nation and it would be highly improbable that her commander would be guilty of an affront to our people. If any affront was given, the naval officers say, it was entirely unintentional and not a studied effort on the part of the Italian commander.

SAY IT!

If your doctor says this is all right, then say it over and over again. J. C. Ayer & Co., Lowell, Mass.

SPECTATORS HELPLESS.

Five Thousand Saw Man's Losing Battle With Surf.

Salisbury Beach, Mass., Sept. 4.—A crowd of nearly 5,000 persons stood on Salisbury Beach yesterday and watched William Melvers of Lawrence fight a losing battle with the surf and finally sink to his death in the ocean.

Because of the high surf that was running, the onlookers were unable to assist Melvers, although the volunteer life saving crew's boat was capsized in an attempt to rescue the struggling man. Mrs. Melvers watched her husband's vain struggle with the breakers and when he sank from sight she collapsed and had to be carried away.

Melvers was a Lawrence motorman and was a powerful swimmer. He was 25 years old.

The United States life saving crew, commanded by Captain Charles, launched their boat, but as they were a long distance from the spot they were not able to reach the scene until too late.

GRAND LABOR DAY PICNIC

Branch No. 12 Quarry Workers International Union of North America will hold a Picnic in

Gazeley's Park, Graniteville, September 6th, 1909
